INDEX

VOL. XXVII, 1933-34

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index.

- Abdomen**, radiograms of, importance of posture in, 605
- Abdominal carcinomatosis** associated with vasomotor disturbances, 220
- gynaecological operations, anaesthesia for, 108
- tumour, case of, 1022
- wall, adeno-carcinoma of, case of, 926
- Abortion** at Royal Free Hospital, statistics, 337
- Abrahams, A.**—Discussion on hæmatemesis, 1521
- Abcess** of brain, diagnosis and treatment of, discussion on, 1643
- See also under Brain
- Accommodation**, loss of, for no apparent cause, case of, 1612
- Acholuria** family jaundice in an infant, case, 942
- Achondroplasia** and mongolism in twin brothers, 115
- radiodiagnosis of, 1388
- Acne** agminata, case of, 1363
- in a child aged 2 years, 292
- scrofulosorum and erythema induratum associated with arthritis (Poncet type), 719
- ? **Acrodermatitis chronica atrophicans**, case shown for diagnosis as, later proved to be Kaposi's (so-called) Idiopathic hæmorrhagic sarcoma, 145
- Acrodynia**, relation of vitamin B to, 476
- Adams, W. Stirk.**—Discussion on vertigo, 319
- Addison, O. L.**—Some renal abnormalities, 407
- Addisonian anemia**, history of, 1167
- Addison's disease** and tetany, case of, 392
- associated with syphilis and fracture of first lumbar vertebra, 388
- cases of, 389, 393
- Adeno-carcinoma** of abdominal wall, case of, 927
- of anal skin, 925
- Adenoma** of kidney, case of, 952
- sebaceous (Pringle), case of, 1032
- Adle, W. J.**—Pituitary adenoma, relieved by operation, 1053
- Adrenal cortex**, carcinoma of, with Cushing's syndrome, history of case of, 404
- glands, clinical and pathological aspects of (S. Levy Simpson), 383
- functions of, 272
- insufficiency, case of, 388
- tumours, sex-differentiation in relation to, 274
- Adreno-genital syndrome**, two cases demonstrating, 397
- Agranulocytic angina**, history of, 1169
- Agranulocytosis**, history of, 1169
- Air-pressure** in lungs after tracheotomy, control of (M. Woodman), 1517
- Aitken, R. S.**—Discussion on hæmatemesis, 1536
- Alabaster, E. B.**—Discussion on significance of false projection on squint, 1622
- Albers-Schönberg disease**, two cases of, 1269
- See also Osteopetrosis
- Alcock, N. S.**—Peroneal muscular atrophy, 1849
- Alcohol** injection, three cases of pain in the toes, of vascular origin, relieved by, 1233
- Alcoholism** and vitamin B deficiency, 477
- Aldehyde group** of hypnotic drugs, 500
- Alivisatos, C. N.**—The first immunologist, James Pylarino (1659-1718) and the introduction of variolation, 1099
- Alkaloids**, hypnotic drugs other than, uses and dangers of, discussion on, 489
- Allen, H. W.**—? Syringocystadenoma; ? apocrine gland nevus, 141
- Allergic state**, asthma and, 45
- tests in lymphadenoma, 1039, 1042
- "**Amber-bead**" cataract, case of, 1622
- Amenorrhœa** as symptom of early pulmonary tuberculosis, 169
- primary, ovarian hormones in treatment of, 859
- America**, United States of, incidence of conditions with psychopathic personality, 1148, 1149
- smallpox pandemic of 1870-1874 in, 189
- Amœbiasis**, in European children in Tropics, 867
- Amyloid disease** in patient with bone tuberculosis, uncomplicated by secondary infection: treated with liver extract, 124
- Amyoplasia congenita**, case of 1001
- Amyotonia congenita** (Werdnig-Hoffmann's disease), two cases of, 120
- Amyotrophic lateral sclerosis** of unusual distribution, case of, 670
- Anæmia**, achlorhydric, with pyrexia of unknown origin, 22
- Addisonian, history of, 1167
- cases of, treated with injectio ferri, B. P., charts illustrating, 449 *et seq.*

- Anæmia**, nutritional, copper therapy in (J. C. Hawksley), 1066
 relation of vitamin B to, 476
 splenic, and congenital syphilis in an infant, 1319
 history of, 1169
 infantile, history of, 1169
- Anæsthesia**, fall of carbon dioxide in venous blood during, 622
 in gynaecology (H. P. Fairlie), 105
 in urinary surgery, discussion on, 1250
- Anal lipoma**, case of, 928
 skin, adeno-carcinoma of, case, 925
- Analgesia**, self-administered, for midwifery of general practice (R. J. Minnitt), 1313
- Aneurysm**, cardiac, following myocardial infarction and coronary thrombosis (with autopsy findings), 1468
 intracranial, with calcified wall, visible in skiagrams, 1358
 with signs of pressure on the pons, 1236
 mycotic, 221
- Aneurysmal dilatation** of left common carotid artery of atheromatous origin, 222
- Angioma** of larynx, case of, 214
- Anorexia** as early symptom of pulmonary tuberculosis, 161
- Antigena**, derived, as a means of studying the relation of specific combination to chemical structure (J. R. Marrack), 1063
- Antivenens**, use of, in snake bite, 1089
- Antrum**, innervation and vascular supply of (C. Strong), 745
- Aortic aneurysm** and ? syphilis of lung: further report on case previously shown, 1232
- Aortitis**, syphilitic, and diffuse pulmonary fibrosis, 22
- Apes**, malaria parasites of, 997
- Aphonia** as early symptom of pulmonary tuberculosis, 160
 of 44 years' duration caused by inhalation of a stud, requiring tracheotomy: voice reproduced during digital compression of sides of larynx, 1275
- Apicolysis** in lung diseases, 549
 pulmonary tuberculosis with cavity treated by, 635
- ? **Apocrine gland nevus**. ? **Syringocystadenoma**, 141
- Arachnodactyly** with ocular signs, three cases of, 298
- Argyle**, E. P.—Discussion on results of suturing divided nerves, with special reference to treatment of laryngeal paralysis in horses, 1209
- Argyll-Robertson pupil**, monocular, traumatic, 352
- Arteriosclerosis** in relation to genito-urinary hæmorrhage, 89
- Arthritic hand**, the (M. B. Ray), 193
- Arthritis**, infective, of hands, 196, 197
 of wrist, 197
 of hip following traumatic dislocation, 1264
 rheumatoid and infective, differential diagnosis of, 198
 in hands, 193, 194
 in wrist-joint, 193
- Asthma**, action of ephedrine in, 43
 allergic state and, 45
 cause of, pharmacological approach to, 31
 pre-disposing cause of, 44
 treatment of, 45, 1065
- Atelectatic bronchiectasis**, 121
- Atkinson**, E. M.—Discussion on diagnosis and treatment of abscess of brain, 1682
- Attlee**, J.—Loss of accommodation for no apparent cause, 1612
- Audiometer**, use of (C. P. Crowden), 428
- Auditory meatus**, external, epithelioma of, treated by deep radio-therapy. No return after six months, 322
- Auld**, A. G.—Note on treatment of asthma, 1065
- Aural vertigo**, 307, 308
- Austria**, small-pox pandemic of 1870-1874 in, 189
- Avian tuberculosis**, lymphadenoma and, 1036
- Avitaminosis** (B group) in tropical and temperate countries, discussion on, 473
- Back**, gummata of, case of, 146
- Bacillary dysentery** in European children in Tropics, 865, 871
- Baillie**, M.—Adenoma of kidney, 952
- Bain**, E. W.—Papillomata of nasal mucosa, 1284
- Balfour**, M.—Discussion on avitaminosis (B group) in tropical and temperate countries, 485
- Ballance**, Sir Charles.—Discussion on diagnosis and treatment of abscess of brain, 1681
 results of suturing divided nerves, with special reference to treatment of laryngeal paralysis in horses, 1207
 Operative treatment of facial palsy: with observations on the prepared nerve-graft and on facial spasm, 1367
- Bamber**, G.—Bowen's disease, 1458
 Mycosis fungoides, 1360
 Post-arsenical lichen planus, 817
- Banister**, J. Bright.—Discussion on toxæmias of pregnancy, 343
- Barber**, H. W.—Acne scrofulosorum and erythema induratum associated with arthritis (Poncet type), 719
 Coincident lupus vulgaris and lupus erythematosus, 291
 Nevus unius lateralis of mouth, associated with multiple nævi of various types, 807
 Pustular psoriasis of extremities, 1029
 Symmetrical hyperkeratosis of palms and soles, 292
 Two cases of rosaceous tuberculide, 1362
- Barbiturates** as a means of suicide, statistics, 507
- Barbituric acid** group of hypnotic drugs, 491
 dangers of, 492, 502, 503, 504
 fatalities recorded in literature to end of 1932, 508, *et seq.*
- Barlow's disease** (infantile scurvy) case of, 628
- Barratt**, M. M.—Discussion on corynebacterium infections, with special reference to caseous lymphadenitis of sheep, 1341
- Barry**, G.—Spina bifida occulta, with trophic changes in legs, 26
- Bartonella** and related parasites in man and animals (Oroya fever and verruga peruviana), 1241
- Bartonella canis*, 1248
- Bartonella* in various animals, 1248

- Basal narcotics** in urinary surgery, 1252
- Basiscranial** neoplasm with multiple cranial nerve paralyses; apparent cure by deep X-ray therapy, 1020
- Bateman, D.**—Atelectatic bronchiectasis, 121
Enlarged thymus, case of, 122
Familial hepato-splenomegaly: two cases of, occurring in brothers, 1327
Wilms' tumour, or renal embryoma of infancy, 414
- Batten, G. B.**—Discussion on treatment of mucous colitis, 687
- Beattie, J.**—Case of chorion epithelioma of uterus confined entirely to the myometrium, diagnosed by Zondek-Aschheim Test, 1500
Discussion on fibrocystic disease of bone, 982
on results of suturing divided nerves, with special reference to treatment of laryngeal paralysis in horses, 1210
- Beaver, R. Atwood.**—Scope of evipan anaesthesia, 1291
- Behrman, S.**—Cysticercosis, 668
- Belgium**, smallpox pandemic of 1870-1874 in, 188
- Bell, A. C.**—Diffuse round-celled sarcoma of uterus and Fallopian tubes, 1503
- Beney, C.**—Keratosis pharyngis following removal of tonsils, 756
- Bennett, Sir Norman D.**—State-aided dental research, 459
- Bennett, T. Izod.**—Discussion on hæmatemesis, 1532
on the factors which influence renal function, and the various methods of investigation, 645
- Beriberi**, human, relation of vitamin B₁ (anti-neuritic) to, 474
- Bile-duct**, common, reconstruction of, 637
- Bile-ducts**, injuries of, 1482
- Biliary tract**, spastic distension of, two cases of, 1482
- Bishop, P. M. F.**—Discussion on suprarenal and pituitary tumours and their correlation with experimental findings, 279
- Blacker, C. P.**—Discussion on constitutional psychopathy, 1158
- Bladder**, endometriosis of (J. A. Weijtlandt), 1493
hæmorrhage from, 91
injury to, caused by in-dwelling gum-elastic catheter, 951
large ureteric calculus passed spontaneously into, 555
- Blair-Bell.**—Discussion on ovarian and uterine grafting, 1404
on physiology and pathology of pelvic joints in relation to child-bearing, 1230
on sex, its nature and abnormalities, considered from biological and legal points of view, 1638
on sympathectomy for dysmenorrhœa, 269
- Blepharitis**, acute, due to the *Primula obconica*, case of, 1627
discussion on, 1114
- Blood**, great excess of uric acid in, in case of erythremia, 21
groups, history of, 1164
pressure, high, in toxæmias of pregnancy, 339
- Bode, O. B.**—Poikiloderma of face (Civatte's type, in girl aged 14½ years, 589
Recklinghausen's neurofibromatosis, with unilateral buphthalmus and multiple changes in face and skull, 638
- Boeck's disease** (sarcoid), case of, 1576
- Bohler's method**, four cases of fracture of os calcis treated by, 571
- Bolton, C.**—Discussion on prognosis of peptic ulcers, 225
? Endothelioma of spleen, 1235
Granular kidney 8 years after acute nephritis, 1236
Intracranial aneurysm with signs of pressure on the pons, 1236
Sexual precocity in girl aged 3 years, 414
Two cases of amyotonia congenita (Werdnig-Hoffmann's disease), 120
- Bone** changes dependent upon blood supply, 51
dyscrasias in infancy and childhood, radiological appearances of (C. G. Teall), 1385
fibrocystic disease of, discussion on, 973
infections, chronic, of sphenoid, organisms in, (F. A. Pickworth), 1509
tuberculosis, amyloid disease in patient with, uncomplicated by secondary infection: treated with liver extract, 124
- Bourne, Aleck.**—The failure of œstrin as a means of inducing labour, 864
- Bowen's disease**, case of, 1458
- Bowes, R. K.**—Renal cortical necrosis associated with pregnancy, 1505
- Brachydactyly**, microcornea associated with, familial occurrence of, 151
- Bradlaw, R.**—Three cases of neuralgia, 1407
- Brallsford, J. F.**—Discussion on radiodiagnosis in diseases of children, 1391
- Brain**, abscess of, acute and early chronic, 1649
after treatment in, 1655, 1673
cerebral and cerebellar symptoms, 1671
character of abscess wall; enucleation, drainage, 1672
chronic, thick-walled, cases, 1643
clinical groups of, 1672
diagnosis and treatment of, discussion on, 1643
differential diagnosis, 1665
diffuse cedema of brain in, 1672
drainage by closed method, 1650
open methods, 1652
early monographs on, 1669, 1670
errors of treatment, 1663
exploration in, 1670
illustrative cases, 1674
localisation of, 1649
mistakes in diagnosis and treatment, 1663, 1664
operative procedures, 1672
otitic, first successful case, 1669
pathology of, 1670
post-operative complications, 1656
recurrence of, 1661
frontal lobe of, abscess in, specimen, 1285
